

IAG prices institutional subordinated debt issue

Insurance Australia Group Limited (IAG) today advised that it has successfully priced \$450 million of securities under the wholesale A\$ subordinated debt offering announced earlier today. The securities are scheduled to be issued on 28 March 2019.

The subordinated debt qualifies as Tier 2 Capital under the Australian Prudential Regulation Authority's (APRA) capital adequacy framework for general insurers.

IAG's Chief Financial Officer Nick Hawkins said: "we are very pleased with the broad-based support from domestic and international institutions."

The \$450 million issue will pay investors interest quarterly at a floating rate equal to the three-month market rate (currently BBSW) plus a margin of 2.35% per annum.
