

# Target Market Determination

## for Car Insurance cover

### About this document

This Target Market Determination (TMD) applies to the Car Insurance product. It seeks to offer customers, distributors and employees an understanding of the class of customers for which this product has been designed, concerning their needs, objectives and financial situation.

This document is not intended to provide financial advice regarding coverage, nor does it form a part of the terms of cover. In addition to the key eligibility requirements outlined in this document, the product is also subject to acceptance criteria. Customers must refer to the Product Disclosure Statement (PDS) and any supplementary document(s), which outline the relevant terms, conditions, exclusions and insurance cover being provided under the product, when making a decision about this product.

### 3.4 Consistency with the target market

The insurance product including its key attributes is likely to be consistent with the likely objectives, financial situation and needs of the class of customers in the target market, as we consider that it provides the required type of insurance cover for that class of customers. This has been determined based on an assessment of the insurance product including its key attributes. Individual customers will need to consider whether this insurance product meets their specific objectives, financial situation and needs.

## 4. How this product can be distributed and distribution conditions

The following distribution conditions apply:

- This product is designed to be distributed by us or our distributors by any of the following means, where authorised:
  - Online through relevant websites
  - By contacting a contact centre
- This product can only be issued to people where they are eligible for that cover in accordance with the application and/or acceptance/renewal criteria that has been approved in writing by the issuer and which complies with relevant laws
- This product can only be distributed by us where we have received training and relevant accreditation (if required) and have met annual compliance reviews.

The distribution conditions will make it likely that customers who acquire the insurance product are in the target market, as we consider that the distribution conditions are appropriate and will enable us to direct the insurance product to the class of customers who fall within the target market set out above. This has been determined based on an assessment of the distribution conditions and the target market.
